CRITERIA FOR PROJECT BASED VOUCHER UNITS

The Columbus Metropolitan Housing Authority (CMHA) seeks to establish long-term relationships with rental property developers for the purpose of expanding the supply of rental housing units for extremely low or very-low income persons by means of the Housing Choice Voucher Project-Based Voucher (PBV) Program. This program is administered similar to CMHA's tenant-based Housing Choice Voucher Program. Families admitted to the Project-Based Voucher Program pay 30% of their adjusted monthly incomes towards tenant-paid utilities and rent to owner. Monthly expenses for tenant-paid utilities (telephone and television cable excluded) have been estimated to provide for reasonable consumption levels. The balance of the rent to the owner is paid directly to the owner and is based upon negotiated contract rents for various bedroom sizes. Rents are subject to HUD and CMHA rent reasonableness criteria.

Families receive rental subsidies based upon family size, age, and gender of family members. Families may live in units larger than their bedroom subsidy size, but subsidy is capped at their bedroom subsidy size. In the event a family selects a unit smaller than the family's designated bedroom subsidy size, their rental subsidy is capped the subsidy assigned to the unit size selected. Generally, the gross rent (contract rent plus tenant-paid utilities) exceed CMHA's bedroom subsidy standards for the family or for the smaller unit. Please refer to Exhibit A.

Interested owners must be willing to provide safe, affordable, and viable housing in a community setting. Given that federal funds are used, owners are subject to federal and CMHA regulations. Owners should familiarize themselves with Housing Choice Voucher regulations (see 24 CFR Parts 892 and 983 and CMHA's Housing Choice Voucher Administrative Plan. CMHA's administrative plan can be viewed and downloaded at CMHA's website, <http://www.cmhanet.com/>. The Code of Federal Regulations can be accessed by a link at HUD's website, <http://www.hud.gov/>.

CMHA retains discretion under this RFP to award contracts to one or more projects as it deems necessary or desirable in CMHA's best interests.

The following criteria are desired for CMHA's Project-Based Voucher Program and illustrate the features of the housing envisioned for voucher-assisted families; these criteria are reflected in the scoring section below:

1. Units must be located in Franklin County.
2. The owner must execute a minimum of a 15-year assistance contract within the time frame established by CMHA; In its discretion CMHA may award up to a 20-year assistance contract if requested by owner.
3. Contract rents are negotiated prior to the execution of the housing assistance contract and cannot exceed subsidy standards with tenants initially paying no more than 30% of their adjusted monthly incomes for rent and tenant-paid utilities.
4. CMHA will award up to 1,000 units, subject to availability of PBV at the time of award. CMHA reserves the sole right to modify the initial number of units requested by the owner for project-based assistance.
5. Qualifying units must be existing affordable housing or new construction with the ability to commence lease up within 60 days of the application deadline for this RFP—and must be located

on one site. No scattered property sites will be considered. We will preference permanent supportive housing (PSH) communities or properties serving special needs populations. To be considered a PSH community, the community must offer on-site supportive services and amenities to residents.

6. The initial term of Project-based voucher contracts will be 15 – 20 years as referenced above. A subsequent renewal term of up to 15 years may be approved.
7. Units that provide PSH are eligible for a voucher allocation up to 100% of the units. Non PSH units are eligible for voucher allocation up to 25% of the units.
8. Owner(s) selected for participation may not be delinquent in any real estate taxes for any properties under their ownership.
9. The proposed community must be financially sound as determined by CMHA.
10. Owner must not be barred from participation in federal contracts.
11. Owner must be in good standing with CMHA.
12. Owner must have property management experience, preferably in federally assisted housing.
13. All prospective occupants must meet CMHA and HUD eligibility requirements.
14. Gross rents may not exceed CMHA Project-Based Voucher Subsidy Standards. Certain exceptions apply. Final rents shall be based on a rent reasonableness report conducted by CMHA.
15. Owner must comply with Housing Choice Voucher and CMHA regulations and policies.
16. Units may be inspected at any time after the initial inspection for compliance with federally required Housing Quality Standards.
17. Documentation of on-site supportive services by third party sources must be provided.
18. Additional requirements for new construction proposals: Certificate of Occupancy must be received within 60 days of the application deadline.
19. The application for project-based assistance must be completed and signed by the applicant. E-copy of the RFP response is the preferred method of transmission. Submit electronic copies of the RFP response via email to Justin C. Davis, VP of the HCVP, technical@cmhanet.com. If the respondent desires to send by other means, please contact Mr. Davis to coordinate submittal.
